

Rachel Maunder

IAWA International Virtual Networking

Monday 15 June at 2.30-3.30pm BST and 4-5pm BST

Led by Rachel Maunder and will take place via Zoom

“A great opportunity to stay connected and support women in the aviation and aerospace industries.”

Please join us for another IAWA virtual networking session, helping to bring together and connect our members and supporters across the world!

Staying connected is currently more important than ever, if only to realise that you're not alone is feeling as you do.

This event aims to offer a chance to share challenges and successes, to find out what's working and what's not, what you're hoping for and looking forward to when we can start moving around the world again.

There will be time to offload as that's vital right now, but the main objective is to help you maintain a level of positivity.

Each session opens with a broad theme to get the conversations flowing but the idea is for you to collectively take it wherever you want it to go. The theme for this next meeting is **'How Gender Balance is working for Homeworkers'**. Allocated places for this IAWA virtual networking session are limited so early booking is recommended.

The meeting is hosted by Rachel Maunder, a qualified counsellor and coach with years of experience in mindset and resilience, and Rachel will share expert advice and ideas as appropriate.
