IF YOU'RE GOING TO KIANA, DO THIS!

Wear WARM clothing!

The bus will leave the Marriott lobby at precisely 4:30 -- be there by 4:15.

Bring your ticket with you to the lobby. Anyone without a ticket will not be able to go, and no registration list will be available to check if you were signed up.

If you want to join the world-famous PACRAO TALENT SHOW, there is still time to sign up at the Tours and Events counter.

***** HOT KIANA TICKETS! *****

If you would like to purchase a ticket to Kiana, people who want to sell theirs have been posting notices on the bulletin board at the hospitality booth.

If you would like to sell your ticket, feel free to use the board as well. The tickets are in great demand!

***** LONG BEACH !!! *****

Join us in Long Beach for PACRAO 1988!

Spectacular ocean views and walkways, a short train ride or walk to fine shopping and eating in Shoreline Village, and access to major Southern California attractions (the Queen Mary, Spruce Goose, Disneyland, Catalina Island, Universal Studios...) combine to make Long Beach a spectacular destination for PACRAO '88.

Planning by the Long Beach Local Arrangements Committee is well underway to assure a combination of professional development

and entertainment that will make the 1988 meeting a winner.

Be sure to stop by the Long Beach exhibit area to pick up useful information to give us your ideas regarding the program and what you'd like to do in this city on the ocean.

***** See you at the beach! *****

SEATTLE
Marriott[®]
SEA-TAC AIRPORT

Convenience, Fun, Food & Excitement

Just five minutes from Sea-Tac International Airport, the luxurious Seattle Marriott Hotel provides the ideal location for your next meeting, convention, trade show or group function. Mount Rainier forms a breathtaking backdrop for this modern facility just 20 minutes from downtown Seattle and five minutes from the popular South Center Shopping Mall, and Pavillion Outlet Center.

Every effort has been made to blend the Seattle Marriott into the beauty of the Pacific Northwest. This is especially evident in the award winning, 21,000 square foot, totally indoor atrium where a variety of local trees, plants and artifacts combine with a 100 foot pool, whirlpool spa and complete health club to bring our guests an exciting, natural year-round playground.

The atrium's landscape, pathways, waterfall and rustic wooden bridge provide a unique interior view from the elegant Lobby Bar where you can enjoy your favorite cocktail in the great "almost" outdoors. The mood continues in the Yukon Landing Restaurant, with its turn-of-the-century Northwest decor and featured native specials like fresh salmon, delicately prepared, and served with a flourish.

Gambits, home of our "Olympic" sized cocktail, provides music and video excitement nightly. A contemporary lounge – with two dance floors, backgammon and comfortable conversation areas – where there's always something happening.

Sightseeing, Shopping & Sports

Seattle is the center of the Pacific Northwest and its wealth of scenic and historical locations. Mount Rainier, rising to its majestic 14,000 feet, is a visual reminder of an area filled with natural beauty. The surrounding mountain ranges – Cascade and Olympic, Crystal Mountain, Snoqualmie Falls and the many sights of the Puget Sound area.

Historically, Seattle has been the hub of Northwest development and offers a cross section view from the early days of Pioneer Square to the restaurant topped Space Needle, rising as a 630 foot reminder of the Seattle World's Fair.

Shoppers find themselves only five minutes from the popular South Center Shopping Mall and Pavillion Outlet Center with a collection of fine department stores, specialty shops and boutiques. Twenty minutes away, downtown Seattle is known internationally for its traditional and unique shops, stores and restaurants.

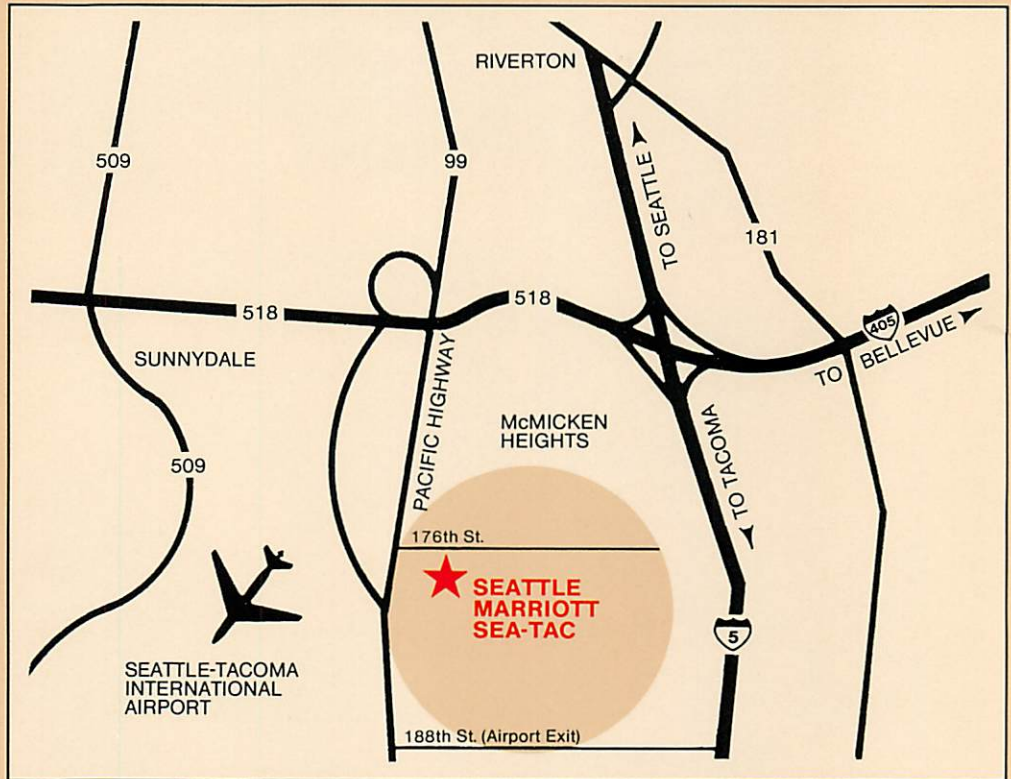

Seattle's unique Kingdome (20 minutes away) is a year round sports center and home to teams in each of the major professional sports. Outdoors people will find an endless variety of activities in this locale known for its boating, fishing, hunting, and nature related activities.
